---

## **SBK™22 brings back the authentic world of the SBK Championship**

10 years after the last historical release of SBK Generations, tenth game of the glorious series developed by Milestone and started in the 1999 with Superbike World Championship.

## **The game recreates the experience of the Motul FIM Superbike World Championship**

thanks to the charm of his simulative gameplay and lifelike environments, riders and bikes, finally making the dream of the community and sports fan a reality. SBK™22 features the Official 2022 WorldSBK Championship, an immersive and fascinating Career Mode and the real SBK weekend with practices, Superpole Tisot and Race.

## Immersive career mode

Create your team, hiring different professionals, from Personal Manager to Chief Engineer, and Data Analyst. Take full control of your bike's settings, from gears to suspensions or brake set up.

## Development tree

Evolve the Development Tree, gaining the research points passively by the Engineers or actively by performing specific tasks in the race weekend.

## The highest level of simulation

Live a truly peculiar SBK experience, thanks to the advanced physics, created with the help of the real riders, and an extreme level of simulation in terms of bike and pilot behavior

## Customization editors

Create complex shapes and customize your bike and helmet, your racing number and the butt patch to bring your own style on the track.

## Multiplayer game mode

Play together (up to 12 players) by creating public or private lobbies where the competition will reach another level of fun. Choose different settings and rules, including the special Tissot-Superpole, to challenge other gamers in incredible races.
