Game Overview

Badlanders is a next-gen competitive survival looter shooter game developed by Neteasegames. In Badlanders, players can carry their loot out of combats and bring enhanced gears into combats, which increases the thrill of looting and fears of losing.

ESCAPING IS ALL THAT MATTERS

25 badlanders, each with their own objective enter the battlefield. Take enemies head-on to strip them of their loot or slowly build up an arsenal from chests scattered across the map. But don't get too distracted, finding valuable loot and getting it out in one piece is what you came here for!

LOOT, SHOOT, AND GAMBLE ON LIFE AND DEATH

Enjoy the adrenaline rush of intense encounters? This battlefield is for you! Whether you're armed to the teeth enjoying a battle advantage, or just relying on a knife in the hopes of catching someone off guard and stealing their gear, war is always the fastest way to wealth. Here, some become rich overnight while others lose it all.

ENHANCE GEAR, BUILD UP AN ARSENAL

How to increase your chances of survival to obtain more loot? Enhancing your gear may be a good idea. Weapons, armor, grenades... All enhancements can be brought into the battlefield. But beware, the greater your gear, the more you'll attract the attention of other badlanders eager to take it off your hands.

REAL WEAPONS, ASSEMBLED YOUR WAY

There are hundreds of unique options for gun accessories and attachments, some of which even support customizations. The rich attribute choices allow you to explore the unlimited possibilities of tactics. Additionally, the camouflage system enables you to make guns your style icons. Come and create your ultimate weapons!

OPEN MARKET, OPEN ECONOMY

As a seller, you are free to sell loot you got from the battlefield, you could even choose to play the role of a merchant, reselling items for a profit. As a buyer, you can purchase more powerful gear to give you an advantage in the battlefield, allowing you in turn to get even more loot. Even microtransaction items can be resold for the
