Platform: iOS, Android

Genre: Action, Horror, Asymmetrical

Global Release Date: TBD

Game Overview:

Dead by Daylight™ is a multiplayer (4vs1) horror and action game in which one ruthless Killer hunts down four Survivors trying to evade a gruesome death. Time to enter The Fog and start this deadly game of cat and mouse in mobile.

Game Features:

SURVIVE BY ALL MEANS – Survivors' objective is to fix generators without being caught and escape from the endless chase. You can EITHER cooperate with each other and win as a team, OR fight alone and outlast others. Will you be able to outwit the Killers and escape from their killing grounds?

A FEAST FOR KILLERS - As a Killer, you can play as anything, with The Trapper, The Spirit, The Legion and The Huntress, our growing gallery of classic

characters has the variety your insatiable blood lust will love. Master each Killer's unique power to hunt, catch and sacrifice Survivors.

REAL PEOPLE, REAL FEAR - With different Realms and trials, every game is an unexpected scenario. You will never expect how different real humans will react to pure horror. The ambiance, music, and chilling environments combine into a terrifying experience.

CUSTOMIZE YOUR STRATEGY - All the Killers and Survivors have their own perks and plenty of unlockables that can be customized to fit your own personal strategy. Experience, skills and understanding of the environment are key to hunt Survivors or escape the Killer.
